TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Peterborough, in the County of Hillsborough, in said State qualified to vote in Town Affairs:

You are hereby notified to meet at the Town House in said Town on Tuesday, the fourth day of March next, at eight of the clock in the forenoon (Polls close at 6:00 P.M.), to ballot for Town Officers and other questions required by law to be decided by ballot. Pursuant to the authority of RSA 39:2-a and the vote of the Town on March 10, 1970, all business other than ballot questions will be recessed until 7:00 P.M. Tuesday, March 11, 1975, at Peterborough Elementary School, to act upon the following subjects:

Article 1. To choose all necessary Town Officers for the year ensuing.

Article 2. To see if the Town will vote to amend the Zoning Ordinance as proposed by the Planning Board, or take any other action relating thereto. (Ballot Question)

Article 3. To see if the Town will vote to enact a Flood Plain Building Code as proposed by the Planning Board, or take any other action relating thereto. (Ballot Question)

Article 4. To hear the reports of Agents, Auditors and Committees or Officers heretofore chosen, and to pass any vote relating thereto.

Article 5. To see if the Town will vote to accept legacies and gifts to the Town in Trust or otherwise by any individual or individuals, or take any other action relating thereto.

Article 6. To raise and appropriate such sums of money as may be necessary for Town Office, Town House, Legal Expense, Street Lighting, Water Charge, Patriot Purposes, Vital Statistics, Local Planning, Old Fire Station, Board of Adjustment, Health, Conservation Commission, Highway Summer, Highway Winter, Public Works Summary, Highway Garage, Police Department, Fire Department, Ambulance, Library, District Court, Welfare Department, Parks, Recreation Department, Sanitary Landfill, Civil Defense, and for any other charge arising within the Town.

Article 7. To see if the Town will vote to raise and appropriate for the paying of the Town Debt and Interest the sum of Three Hundred Thirty-Three Thousand Four Hundred Ten Dollars ($333,410.00) for repayment of sewer bonds and Sixteen Thousand Three Hundred and Fifty Dollars ($16,350.00) for repayment of the Space Committee Loan, or take any other action relating thereto.

Article 8. To see what sum of money the Town will vote to authorize the Selectmen and the Town Treasurer to borrow in anticipation of collection of taxes for the current municipal year and to issue in the mane and on the

credit of the Town, negotiable notes therefore, said notes to be paid in the current municipal year from taxes collected during the current municipal year and to raise and appropriate a sum not to exceed Eighteen Thousand Dollars ($18,000.00) to cover the interest on the notes, or take any other action relating thereto.

Article 9. To see if the Town will vote to authorize the withdrawal from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972 for use as set-offs against budgeted appropriations for the following priority purposes and in amounts indicated, or take any other action hereon:

Appropriation	*Amount*
Public Works	$47,952.00
Police	16,872.00
Fire	4,440.00
Library	7,104.00
Recreation	7,992.00
Landfill	4,440.00
Total	$88,800.00

Article 10. To see if the Town will vote to raise and appropriate the sum of One Thousand Four Hundred Sixty-Five Dollars and Twenty-Eight cents ($1,465.28) provided the State of New Hampshire appropriates Nine Thousand Seven Hundred Sixty-Eight Dollars and Fifty-One cents ($9,768.51) for the construction of Class IV and V highways, or take any other action relating thereto.

Article 11. To see if the Town will vote to accept from the State of New Hampshire Twenty-Seven Thousand Two Hundred Seventy-Three Dollars and Fifty-One cents ($27,273.51) in Block Grant moneys restricted to highway usage, or take any other action relating thereto.

Article 12. To see if the Town will vote to raise and appropriate the sum of Thirty-Eight Thousand Dollars ($38,000.00) to replace the 1962 front end loader, or take any other action relating thereto.

Article 13. To see if the Town will vote to raise and appropriate the sum of Eight Thousand Dollars ($8,000.00) for the relocation of the intersection of Grove Street Ext. and Route 202 for safety purposes, or take any other action relating thereto.

Article 14. To see if the Town will vote to raise and appropriate the sum of Four Thousand Nine Hundred Seventy-Five Dollars ($4,975.00) to install curbing and sidewalks on Main and Granite Streets, or take any other action relating thereto.

Article 15. To see if the Town will vote to raise and appropriate the sum of Twenty-Five Thousand Dollars ($25,000.00) to rebuild a portion of Old

Street Road between East Hill Road and the Repp residence, as a continuation of the street improvement program, or take any other action relating thereto.

Article 16. To see if the Town will vote to raise and appropriate the sum of Six Thousand Seven Hundred Seventy Dollars ($6,770.00) to construct surface drainage on Hunter Farm Road, or take any other action relating thereto.

Article 17. To see if the Town will vote to raise and appropriate the sum of Three Thousand Five Hundred Dollars ($3,500.00) to replace the 1973 Police Cruiser, or take any other action relating thereto.

Article 18. To see if the Town will vote to raise and appropriate the sum of Two Thousand Dollars ($2,000.00) to complete renovations of the Police Department space, or take any other action relating thereto.

Article 19. To see if the Town will vote to raise and appropriate the sum of Nine Hundred Fifty Dollars ($950.00) to purchase a new radar unit for the Police Department, or take any other action relating thereto.

Article 20. To see if the Town will vote to raise and appropriate the sum of Fifteen Thousand Dollars ($15,000.00) to purchase and renovate a ladder truck for the Fire Department, or take any other action relating thereto.

Article 21. To see if the Town will vote to sell the 1959 Fire Department tanker and authorize that the proceeds be applied to the purchase price of the new tanker, or take any other action relating thereto.

Article 22. To see if the Town will vote to raise and appropriate the sum of Four Thousand Four Hundred Sixty-Five Dollars ($4,465.00) to complete the swimming pool renovations at Adams Playground, or take any other action relating thereto.

Articel 23. To see if the Town will vote to raise and appropriate the sum of Twenty-One Thousand Five Hundred Dollars ($21,500.00) to install a drainage pipe at Adams Playground provided that the Bureau of Outdoor Recreation agrees to reimburse the Town for 50% of the cost upon completion of the project, or take any other action relating thereto.

Article 24. To see if the Town will vote to raise and appropriate the sum of Three Thousand Dollars ($3,000.00) to provide adequate available funds for land acquisition to the Peterborough Conservation Commission, in order, when necessary, to salvage and preserve natural resources for public benefit, or take any other action relating thereto.

Article 25. To see if the Town will vote to raise and appropriate the sum of Two Hundred Seventy-Six Dollars ($276.00) for white pine blister rust control, or take any other action relating thereto.

Article 26. To see if the Town will vote to transfer and use the sum of Two Thousand Dollars ($2,000.00) from the income of the Albert W. Noone fund for capital improvements in landscaping Mercer Park, so called, in North Peterborough, or take any other action relating thereto.

Article 27. To see if the Town will vote to instruct the Selectmen to withdraw the balance of principal and interest from the Anniversary Fund to be used at their discretion for Bi-Centennial purposes, or take any other action relating thereto.

Article 28. To see what additional sum of money the Town will vote to raise and appropriate to be used at the Selectmen's discretion for Bi-Centennial purposes, or take any other action relating thereto.

Article 29. To see if the Town will vote to convey to the Peterborough Savings Bank for the sum of Two Hundred Dollars ($200.00) a small parcel of land for the purpose of increasing the bank's off-street parking area, or take any other action relating thereto.

Article 30. To see if the Town will vote to participate in the National Flood Insurance Program by directing the Board of Selectmen to complete the eligibility application and submit the required information to the Federal Insurance Administration.

Article 31. To see if the Town will adopt the following Resolution A pertaining to the National Flood Insurance Act of 1968 and Flood Disaster Protection Act of 1973.

Resolution No. "A"

WHEREAS, certain areas of Peterborough are subject to periodic flooding from streams and rivers, causing serious damages to properties within these areas; and

WHEREAS, relief is available in the form of Federally subsidized flood insurance as authorized by the National Flood Insurance Act of 1968, and the Flood Disaster Protection Act of 1973; and

WHEREAS, it is the intent of this Town Meeting, 1975 to require the recognition and evaluation of flood hazards in all official actions relating to land use in the flood plain areas having special flood hazards; and

WHEREAS, this body has the legal authority to adopt land use and control measures to reduce future flood losses pursuant to RSA Chapters 31, 36, 156, and 156A,

NOW, THEREFORE, BE IT RESOLVED, That this Town Meeting, 1975 hereby:

1. Assures the Federal Insurance Administration that it will enact as necessary, and maintain in force for those areas having flood hazards, adequate land use and control measures with effective enforcement provisions consistent with the Criteria set forth in Section 1910 of the National Flood Insurance Program Regulations; and

2. Vests The Board of Selectmen with the responsibility, authority and means to:

a. Delineate or assist the Administrator, at his request, in delineating the limits of the areas having special flood hazards on available local maps of sufficient scale to identify the location of building sites.

b. Provide such information as the Administrator may request concerning present uses and occupancy of the flood plain.

c. Cooperate with Federal, State, and local agencies and private firms which undertake to study, survey, map, and identify flood plain areas, and cooperate with neighboring communities with respect to management of adjoining flood plain areas in order to prevent aggravation of existing hazards.

d. Submit on the anniversary date of the community's initial eligibility an annual report to the Administrator on the progress made during the past year within the community in the development and implementation of flood plain management measures.

3. Appoints the Building Inspector to maintain for public inspection and to furnish upon requests a record of elevations (in relation to mean sea level) of the lowest floor (including basement) of all new or substantially improved structures located in the special flood hazard areas. If the lowest floor is below grade on one or more sides, the elevation of the floor immediately above must also be recorded.

4. Agrees to take such other official action within its powers as may be reasonably necessary to carry out the objectives of the program.

Article 32. To see if the Town will adopt the following Resolution B pertaining to the National Flood Insurance Act of 1968 and Flood Disaster Protection Act of 1973.

Resolution No. "B"

WHEREAS, the Town of Peterborough has adopted and is enforcing a Flood Plain Building Code and the Peterborough Zoning Ordinance as well as land subdivision rules and regulations and

WHEREAS, Sections of the aforesaid prohibit any person, firm or corporation from erecting, constructing, enlarging, altering, repairing, improving, moving or demolishing any building or structure without first obtaining a separate building permit for each building or structure from the Building Inspector and

WHEREAS, the Building Inspector must examine all plans and specifications for the proposed construction when application is made to him for a building permit.

NOW, THEREFORE, BE IT RESOLVED by the Town Meeting, 1975 of Peterborough

1. That the Building Inspector shall review all building permit applications for new construciton or substantial improvements to determine whether proposed building sites will be reasonably safe from flooding. If a proposed building site is in a location that has a ffood hazard, any proposed new construction or substantial improvement (including prefabricated and movile homes) must (1.) be designed (or modified) and anchored to prevent

flotation, collapse, or lateral movement of the structure, (2.) use construction materials and utility equipment that are resistant to flood damage, and (3.) use construction methods and practices that will minimize flood damage; and

2. That the Building Inspector shall review subdivision proposals and other proposed new developments to assure that (1.) all such proposals are consistent with the need to minimize flood damage, (2.) all public utilities and facilities, such as sewer, gas, electrical, and water systems are located, elevated, and constructed to minimize or eliminate flood damage, and (3.) adequate drainage is provided so as to reduce exposure to flood hazards; and

3. That the Building Inspector shall require new or replacement water supply systems and/or sanitary sewage systems to be designed to minimize or eliminate infiltration of flood waters into the systems and discharges from the systems into flood waters, and require on-site waste disposal systems to be located so as to avoid impairment of them or contamination from them during flooding.

Article 33. To see if the Town will vote to close, subject to gates and bars, a portion of the Scott-Mitchell Road beginning at the entrance to the Sanitary Landfill to a point where the road was previously closed to gates and bars, or take any other action relating thereto.

Article 34. To see if the Town will vote to accept and name Vose Farm Road as a Town street subject to final inspection by the Superintendent of Public Works, or take any other action relating thereto.

Article 35. To see if the Town will vote to accept and name Birch Road as a Town street subject to final inspection by the Superintendent of Public Works, or take any other action relating thereto.

Article 36. To see if the Town will vote to raise and appropriate the sum of Two Thousand Nine Hundred Twenty-Six Dollars ($2,926.00) for the Monadnock Region Association, or take any other action relating thereto.

Article 37. To see if the Town will vote to raise and appropriate the sum of Four Thousand Five Hundred Thirty-Five Dollars ($4,535.00) for the Monadnock Community Visiting Nurse Association, Inc., or take any other action relating thereto.

Article 38. To see if the Town will vote to raise and appropriate the sum of Two Thousand Sixty-Two Dollars ($2,062.00) for the Monadnock Family and Mental Health Service, or take any other action relating thereto.

Article 39. To see if the Town will vote to designate Four Winds Farm Road, from the intersection with the Old Dublin Road to the Dublin Town Line, a scenic road according to the provisions of New Hampshire Chapter 253:17-18 RSA, or take any other action relating thereto. (By Petition)

Article 40. To see if the Town will vote to abolish the office of Town Auditor effective, 1976 and instruct the Selectmen to annually employ a

Certified Public Accountant for the purpose of auditing Town accounts pursuant to RSA 41:31, or take any other action relating thereto.

Article 41. To see if the Town will vote to instruct the Planning Board to prepare a Building Code for consideration by the Town on or before the 1976 Annual Town Meeting, or take any other action relating thereto.

Article 42. To see if the Town will authorize the Selectmen to Administer or dispose of any real estate acquired by the Town through Tax Collector's Deed, or take any other action relating thereto.

Article 43. To transact any other business that may legally come before this meeting.

Given under our hands and seal this Seventeenth day of February, in the year of Our Lord Nineteen Hundred Seventy-Five.

Article 41. Authorize the Selectmen to Administer or dispose of any real estate acquired by the Town through Tax Collector's Deeds. Motion passed.

Article 42. Moved to adjourn meeting. Motion passed.

SELECTMEN'S REPORT 1974

It was a year of extremely important and far-reaching achievements in the administrative functions of the Board of Selectmen. Once again, we must express our deep appreciation for the hard work and good performance of the Town Office and Public Works staff, as well as the various boards and committees of the town — most notably the Planning Board. With the completion of the "Master Plan" for the management of change in Peterborough, Town Meeting legislation and administrative decisions should greatly benefit from professional planning guidance. We consider it fortunate indeed that past activities and programs have been found complementary to the town's long term objectives as they are now being expressed, and that the town has been investing time and money in very sound enterprises.

Reappraisal. By any measure, the most significant activity was the completion of the reappraisal of the town by United Appraisal, and our subsequent reassessment of the town properties. This was an effort never before professionally undertaken, and on our recommendation it was approved by the 1973 Town Meeting. Aimed at re-establishing fair and true values on all real estate for the 1974 tax year, it enabled us to eliminate assessment inequities which had developed over decades. We elected to assess at 50% of full value, and the following table shows the result of this work.

Type of Property	*1973*	*1974*
Land	$ 3,201,215	$ 8,315,450
Buildings	19,850,310	21,353,530
Factory Bldgs.	1,324,000	1,143,300
Pub. Utilities	497,200	540,400
Mobile Homes	41,000	20,400
Boats	7,315	5,500
Total before Exemptions	24,921,040	31,378,580
Minus Exemptions	71,600	100,000
Net Val. (Tax Base)	$24,849,440	$31,278,580

Obviously, the area of greatest change, because of the reappraisal, was in land. The assessed valuation of this property moved from 13% of the total value of all property in town to a new 27%. At the same time, including new construction in 1974, the ratio of all other property — principally buildings — moved from 87% to 74% of the total. This fact, although in our opinion it correctly reflects a normal proportion and finally sets right an error never faced, is still the subject (at the time of writing our report) of an appeal to higher taxing authority. We must point out further, that $2,036,000 was written off the full value of land as a result of implementing the open space Current Use Assessment law which stipulated values far below the appraisal.

Had this not occurred, the land figure above would have been $10,351,450 and the percentge of land valuation to the total would have been 31%.

Current Use Assessment. As we have just mentioned, this legislation, RSA 79-A, was implemented this year in its new and broadened scope. As far as our function was concerned, the effect was another major project. The fact that it was coincidental with the reappraisal of the town was extremely fortunate for large numbers of landowners who, eligible under the law's criteria, chose to take advantage of low assessments in return for their maintaining open space.

The law is awkward to administer, imcomplete in some respects and overly detailed and restrictive of local judgment in others. It was impossible to put it into effect by its deadline of April 15th without closing off fair treatment to all owners. Nevertheless, postponing the deadline to June15th while widely publicizing the program and devoting hundreds of hours to administering detail, we believe this program is being made to do substantially what it was intended to do. We appreciated the cooperation of the Planning Board in working out criteria and guidelines for processing the so-called discretionary easements. The following table shows statistical results.

Data Subject	*As* Curr. Use	*As Easement*	*Total*
No. Taxed Parcels	103	67	170
No. of Owners	75	30	105
No. of Acres	6,326	3,427	9,753
Full Valuation	1,505,471	785,127	2,290,598
Curr. Use Val.	178,168	76,430	708,697
Reduction in Val.	1,327,303	708,697	2,036,000

We have already mentioned that the full assessed valuation of land was $10,351,450. The above Open Space assessment reduced this by $2,036,000 — giving us the present assessed value of land at $8,315,450.

A few observations are appropriate: THe 9,753 acres involved in Open Space taxation amounts to slightly over 42% of all the land in Peterborough. The reduction in assessed valuation amounts to about 19% of the total full valuation of land. Also, we believe this sizeable investment toward the relief of tax pressure on land is clearly in accordance with the desire of the townspeople as a whole. We see our duty as Selectmen and Assessors, however, as to do our best to achieve and maintain an equitable distribution of the tax load between all types of property ownerships.

Sewer Construction. Another important activity which required careful attention was the continuation and final conclusion of the sewer lateral construction program. Three new projects were completed this year, making a total of six major additions to the sewer system. With this, funds reamining in the previously unexpected balances of the original bond issue proceeds are

now for practical purposes expended, the balance of uncommitted money being approximately $8,000.

About $38,000 of sewer construction balances were set aside at a previous Town Meeting as a so-called "engineering fund" for the express purpose of on-going engineering for planned sewer system expansions. Approximately $30,000 still remain, reflecting the conservative utilization of town engineering capabilities. This money will continue to be used as we look into further capital improvement programs for the sewer system which are being recommended in the town's planning studies.

General. Several areas of concern and accomplishment present themselves by way of conclusion.

We have found Peterborough most fortunate in being the locale for business and industrial growth of the type which is fully compatible with the town's concept of "what it desires to be." The past few years have seen changes, with the coming of the National Cash Register plant, the Peterborough Plaza, One Pine Street Apartments, Pheasant Glen Apartments and the new Brookstone Company plant. This year, New England Business Service, Inc. has started the construction of a large plant in North Peterborough which will be in operation next Spring. Such activity is, of course, most beneficial toward helping the town keep up with fiscal demands and maintaining economic health. In a very real sense, we must compliment the private sector for its significant response to public wishes, particularly in industrial development.

Another area of "good luck" in 1974 has been seen in the amounts of revenues and credits available toward meeting the total funding needs of town, school and county. We are fortunate in that Interest and Dividends taxes returned to the town come to a figure placing Peterborough with the highest four communities in the State. Also that State aid commitments toward the sewer construction program amount to somewhat more than 50% of the program's debt retirement costs.

In addition, the town carried forward a very sizeable surplus from 1973 which we were permitted to apply against appropriations this year.

Finally, we again must express our continued pleasure and pride in the functional operations of the town. While perhaps none are completely without fault, it is our feeling that Peterborough has been fortunate in general management effectiveness this year. It was especially a critical year for the planning function, and we again congratulate that Board.

REPORT OF SUPERINTENDENT OF PUBLIC WORKS

RELATIVE TO ADMINISTRATION

Town House	Town Office
Trees	Highway Department
Parks	Water Department
Cemeteries	Sewer Department

Engineering

The following is a brief report of the departments that I have administered for the past year:

Town Office

The office girls earned their right to a nervous breakdown this year! In addition to the usual routine they efficiently coped with the paperwork generated by the re-assessment, current use assessments and discretionary easements as well as getting the property evaluation booklet out on schedule.

All Town records have been microfilmed and catalogued. A duplicate set has been stored away in a bank vault. This project served a dual purpose. It allowed the massive reduction in the volume of paper stored in the bulging vaults and also provides for protection of the records in case of fire.

Town House

The foyer and upper hall of the Town House have been painted and the result is a much brighter atmosphere.

Once again the upper hall has been sealed off for the winter to conserve fuel.

Highway Department

Increased prices and a time factor resulted in an unusually heavy workload for the Public Works forces this year. Projects normally contracted out became mandatory for Department of Public Works crews.

A hazardous situation was corrected with the rebuilding of a portion of Sand Hill Road and Murphy Road. Widening and sight line was the purpose of the project and the result was achieved although the scope was somewhat reduced due to the costs involved.

Also completely reconstructed was the section of Old Street Road from North Bridge to the Hospital. The area was totally drained by the installation of a new drainage system which tied into the State's Route 202 project. An entire new surface was paved providing a much improved access to the Hospital.

A new drainage system was completed on Pine Street between Cheney Avenue and Wilton Road in anticipation of repaving that section in 1975.

The entire storm drain system of the Town was cleaned both in the Spring and Fall.

New streets completed by developers meeting Town Specifications were Vose Farm Road off Route 202 at Brookstone and Birch Road, off Route 101 near Cunningham Pond.

Working against time, the Department of Public Works Crews also completed a new salt storage shed at Evans Flats. The new closed shed replaces a dilapidated lean-to behind the Fire Station. The move consolidates the Public Works function at the town garage making a much more efficient operation.

Surface Treatment

The annual street sealing program was completed as usual. Approximately one third of the Town streets received the oil and sand sealcoat while in addition to the reconstruction projects, East Hill Road and Kaufmann Drive were shimmed and paved. Other streets having new surfaces were Old Street Road from Cheney Avenue to Wilton Road, part of Old Jaffrey Road, Cabana Drive, Prospect Street, part of MacDowell Road and Elm Street and Evans Road.

Water Department

Sixteen new services were installed in 1974. The water conversion projects ran into further difficulties when it was found that a section of pipe supposedly installed in the mid-fifties was in fact never placed. The project is now virtually completed and most areas are now on the well system.

A concerted effort to eliminate leaks in the Town system has resulted in a large reduction in the volume of water produced. This is especially noticeable even with the increased demand from new customers.

Sewer Department

Sewer lateral construction has reached a conclusion. The high priority polluting areas have been serviced and other residential areas of the Town are in the process of being surveyed and designed.

Additions to the system in the past year were on Elm Street and Evans Road, Old Jaffrey Road and Cabana Drive, Wilder Street, Vose Farm Road, MacDowell Road and High Street. Some of these additions were financed by private owners under the guaranteed main line extension plan.

Landfill

The sanitary landfill as usual operates in a clean and efficient manner. Now in the fifth year of operation, under three acres have been utilized to date.

Additional tree seedlings have been planted in the filled areas.

For the first time in the State the salvage rights to material deposited at the landfill have been sold on a commercial basis. Admittably the offer was low, however, it marks a start of the private industry into recycling.

Trees

Hazardous tree removal proceeded on schedule this past year with approximately forty such trees being removed. Much of the good wood was salvaged by residents for their fireplaces. The Department of Public Works approves of this situation and thus a lot of good firewood was utilized.

Seventeen trees were planted under the beautification program.

Additionally, some three thousand seedlings of various species were planted at the landfill, the sewer plant and at the Department of Public Works garage for reforestation purposes.

Approximately Two Hundred Twenty-five trees and shrubs were added to the Town Nursery to be grown for future beautification projects.

Parks

Putnam Park again this season received excellent care from Ted Brayton who contracts the mowing and trimming. Several new flowering crab trees were planted replacing trees that had died over past years.

Ephriam Hall and family of West Peterborough maintained Teixeira Park on a volunteer basis in 1974. Their conscientious effort has kept that park in excellent condition throughout the season and we owe the Halls many thanks for volunteering themselves, their equipment and fuel to maintain the new park.

Cemeteries

During the year it became evident that the Department of Public Works crews with their increased workload could no longer adequately maintain the cemeteries. The trustees met and decided to see if private enterprise could handle the job. As a result of bids Robert Doris was contracted to handle the maintenance for the balance of the year.

The maintenance will now be contracted on an annual basis while Department of Public Works crews will continue to handle the burials.

The Town was fortunate to receive during the road construction several hundred cubic yards of fill. This has been placed in the area behind Verney Mound in the Lower Yard and will be leveled and seeded for future grave sites.

Town Garage

The garage continues to show well for the Town in the maintenance of equipment.

During the year an area to the rear of the building has been leveled and the storage lane for materials is beginning to take shape. The progress is slow since this is a "spare time" project.

Engineering

Current projects on the drafting board are future sanitary sewer systems, drainage and road building.

In addition the "as built" plans are being drafted and catalogued for future reference.

In conclusion, I wish to express my gratitude to the Selectmen, our excellent office girls, my foremen and crews, fellow Department heads and their personnel, and to the citizens of Our Town for their understanding and support during the year.

Respectfully submitted,
John N. Isham
Superintendent of Public Works

REPORT OF BUILDING INSPECTOR

Building permits totaling $3,960,868.00 in valuation were issued in 1974. The breakdown is as follows:

Dwelling Units	*No.*	*Valuation*
Single Family Homes	18	$ 636,625
Multi Family Homes	1	960,000
Commercial Buildings	2	35,000
Industrial Buildings	1	1,700,000
Residential Renovations	37	141,650
Commercial Renovations	2	750
Industrial Renovations	1	450,000
Miscellaneous	6	36,843
Totals	68	$3,960,868

Respectfully submitted,
John N. Isham
Building Inspector

BUDGET OF THE TOWN OF PETERBOROUGH, N.H.

Kenneth A. Christian
Town Treasurer

AUDITOR'S REPORT

To The Board of Selectmen of the
Town of Peterborough

We have examined the financial statements of the Town of Peterborough as of December 31, 1974, and for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing precedures as we considered necessary in the circumstances. We did not examine the Trust Funds, which were examined and reported on by the Town's auditors.

In our opinion, the aforementioned financial statements present fairly the financial position of the various funds and departments of the Town of Peterborough as of December 31, 1974, and the results of the financial transactions for the year then ended, in conformity with generally accepted accounting principles applicable to government entities applied on a basis consistent with that of the preceding year.

Smith, Batchelder & Rugg

Keene, New Hampshire
February, 3, 1975

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1974

1. SIGNIFICANT ACCOUNTING POLICIES

Department Reporting — The General Fund does not include the following departments which are reported separately:

Water
Sewer
Sewer construction
Cemetery
Library

Depreciation Policy — Water and Sewer — The Town follows the policy of charging to expenses annual amounts of depreciation which allocate the cost of the property, plant and equipment over their estimated useful lives. The town employs the straight-line method for determining the annual charge for depreciation. The ranges of the estimated useful lives used are:

	Years
Water:	
Wells and pumping stations	20-33
Purification plant	5-50
Storage tanks and distribution mains	5-77
Service entrances and meters	25
Hydrants	50
Other equipment	3-10
Sewer:	
Mains	50
Treatment plant and pumping station	30
Equipment	3

2. APPROPRIATED FUND BALANCE — GENERAL

Appropriated fund balance at December 31, 1974 represented the unexpended balance of special appropriations carried forward from 1974.

3. NOTES PAYABLE — GENERAL

The note payable to bank at December 31, 1974 was a 4-1/2% note for renovation of town house and fire station and construction of highway garage, payable in annual installments of $15,000 through 1976.

4. LONG-TERM DEBT — GENERAL

General long-term debt at December 31, 1974 represented the unpaid balance of the 4.10% sewer construction bonds. The bonds are payable in annual installments of $185,000, plus interest, through 1980, and in annual installments of $180,000, plus interest, from 1981 through 1990.

5. *LONG-TERM DEBT — WATER*

Notes payable to banks at December 31, 1974 consisted of:

4-1/2% note for guaranteed main line extension, payable in annual installments of $1,000, plus interest, through 1981	$ 7,000.00
3-1/2% note payable in annual installments of $20,000, plus interest, through 1987	260,000
5-3/4% note for guaranteed main line extension, payable in annual installments of $850, plus interest, through 1989	7,547
4-1/4% note for guaranteed main line extension, payable in annual installments of $1,408, plus interest, through 1992	10,390
4-1/4% note for guaranteed main line extension, payable in annual installments of $1,583, plus interest, through 1992	16,085
4-1/4% note for guaranteed main line extension, payable in annual installments of $900, plus interest, through 1992	16,200
	317,222
Less current portion	25,741
	$291,481

6. *LONG-TERM DEBT — SEWER*

Notes payable to banks at December 31, 1974, all for guaranteed main line extensions, consisted of:

4-1/4% note, payable in annual installments of $800, plus interest, through 1992	$ 14,400
4-1/2% note, payable in annual installments of $1,700, plus interest, through 1992	30,600
6% note, payable in annual installments of $265, plus interest, through 1994	5,300
6% note, payable in annual installments of $485, plus interest, through 1994	9,704
6% note, payable in annual installments of $295, plus interest, through 1994	5,900
	65,904
Less current portion	3,545
	$ 62,359

7. TRANSFER — SEWER CONSTRUCTION

During 1974 additional sewer mains, paid for from sewer construction funds, were completed and placed into operation. The cost of these mains, and the related municipal investment, was transferred to the sewer department.

8. RESTATEMENT — WATER

Retained earnings as of December 31, 1973, have been restated by $30,694 to reflect payments received on guaranteed main line extensions from 1969 through 1973 as contributions to aid in construction.

9. RESTATEMENT — SEWER

Retained earnings as of December 31, 1973, have been restated to give effect to the following:

a) Revenue sharing funds received in 1973 were to be disbursed to the Sewer Department through a special appropriation voted at the town meeting. The New Hampshire state tax commission ruled that the special appropriation was not properly written at the time of town meeting and ordered the $14,622 (including interest earned) returned to the General Fund Revenue Sharing Account.

b) Payments of $3,706 received on guaranteed main line extensions in 1973 have been reclassified as contributions to aid in construction.

TOWN LIBRARY REPORT FOR 1974

The ultimate classroom is the home. By borrowing the quality materials available at the Town Library you will have assured yourself and your family a continuing education, cultural enrichment, vocational development for occupational work and/or recreational reading.

Use of the Town Library has increased. Circulation figures show only the numbers of materials that have been borrowed by patrons. What does not show in the statistics is the use *in the library* of its resources and reference materials.

The year 1974 saw the Board of Trustees reviewing and revising the "Statement of Policy of the Peterborough Town Library" and approving a "Materials Selection and Purchasing Policy." Both statements may be seen at the library and are on file at the New Hampshire State Library.

Capital expenditures during the year included the purchase from Bro-Dart of a 15 drawer unit that increases the size of the children's card catalog and the addition of a "Book Nook" for the youth section which is rapidly becoming overcrowded. Also bought were fire extinguishers which have been strategically installed throughout the library under the guidance of Fire Chief Merton Dyer; the installation of combination windows in the Circulation Room; a manual typewriter; and an informative sign at the Concord Street entrance.

As authorized by an article in the town warrant, exterior painting was done. The lowest bid was submitted by G-T Master Painters who completed the work in August. Through the kindness of a good friend of the library, an electric office machine was received which helped to ease the work load of Administrative Assistant Helen Richardson.

Distinguished guests during the year were author/illustrators Nora Unwin, Wallace Tripp, N. M. Bodecker and John Steptoe who graciously gave of themselves during several programs that were scheduled for our young patrons during National Library Week and Children's Book Week. The Little Red Wagon of UNH's TRY program helped celebrate the grand finale of the successful Summer Reader's Program in which 66 youngsters participated. Jack and Tracy Scribner Allen shared their love of Alaska in presenting a slide film in the spring. The State Library Commission held its November meeting in the McGilvary Room.

A new service has been inaugurated. Through the cooperation of the Monadnock Summer Lyceum, Robert Nielson Jr. and Coburn Wheeler, tapes were made of the talks given by the Lyceum speakers. These cassette tapes are available for borrowing. The library has three players for use with the tapes.

The last block of the TRANSCRIPT has been microfilmed. Completion of this monumental task was achieved through the cooperation of the New Hampshire State Library and grant-in-aid funds. We now have the

TRANSCRIPT's issues from 1854 to 1973 in microfilm and each year the previous year's issue is paid with current funds. Also on microfilm at the Town Library is THE NEW HAMPSHIRE TIMES, 1972-73. These reels may be viewed on the Xerox Reader given the library by Mr. and Mrs. James E. Coleman. Films and reader are in the McGilvray Room.

Cooperating with the Selectmen in their request last January to conserve energy, the library's hours were changed to an early opening of 10 A.M. and closing three nights a week, still holding to a 48 hour week. Hours are posted at the end of this report. A new traffic parking pattern was developed with the help of Chief Arthur Jackson and John Isham, Superintendent of Public Works. The new pattern increases parking facilities as well as eliminating the dangerous practice of backing on to a major state highway. Notices have been placed in the local newspapers concerning the illegality of overnight parking in the library parking lot.

Several new services have been initiated through the generosity of groups in the community. The Peterborough Lions Club gave the library a "Masterlens" for use by persons who find small print uncomfortable to read. The "Ednalite" as it is called, is a stand complete with a large magnifying glass and light which may be directed toward the reading material. The unit may be borrowed over weekends and is helpful in doing fine work that may cause eyestrain.

A "Pattern Swap", a boon for home sewers in these economically strained times, was set up by the Beta Sigma Phi Sorority. Sewing patterns for all ages have been contributed and may be borrowed for an indefinite period.

Many other people have given time, ideas and funds to provide exhibits, book-bags and book marks, and special collections of quality books and recordings.

Cooperation between school and public library continue with classroom visits and "scavenger" hunts for books with clues based on catalog information; film showings and book talks at the schools and continued participation in the Union Catalog with Con-Val High School.

Excellent news coverage with many pictures of the library's activities has been provided by the TRANSCRIPT and the LEDGER. Our sincere appreciation to the editors, Paul Cummings and Patricia Mitchell. Our thanks, too, to John Scott of WSCV for many radio spot announcements throughout the year.

Film programs scheduled for the Scott-Farrar Home by Helen Richardson were shown through the assistance of H.C. Moore Jr. who brought projector and film to the Home.

Staff development and education continued with staff taking courses at Keene College and UNH: Helen Richardson, "The Administration of the Small Public Library", Keene College: Joan Butler, "Introduction to the Public Library", Keene College. Miss Butler was the recipient of a Mildred

McKay scholarship which enabled her to attend courses on "Children's Literature" and "Programs and Services for Children" during the summer at UNH.

The librarian spoke before a class at Keene College and was interviewed by Kay Phillips on WSCV during a three day program last spring. She has been faithful in attendance at all District Advisory Council meetings as well as attending workshops and book meetings. She was a panelist discussing the role of the small public library at the New Hampshire Library Council conference in Laconia and has been appointed Publicity Chairman of the N.H. Library Association. Accompanied by librarians Patti Eckels, Howe Library, Hanover and Jean Mickie, Richards Free Library, Newport, she attended the 93rd annual conference of the American Library Association during July. Staff members Helen Richardson, Frances Russ and Joan Butler joined her at the New England Library Association conference at Wentworth-by-the-sea in September.

A library may have the best books and materials in the world but unless the atmosphere of the library is inviting and uncritical, its holdings are not very useful. We are fortunate in having a dedicated and loyal staff who perform duties gracefully and conscientiously. Administrative Assistant Helen Richardson plans adult programs and services; Chief Cataloger Eunice Safford continues the never-ending responsibility of recataloging of our substantial collection with the able assistance of Vivien Whitney and Frances Russ. The latter also works with Joan Butler on children's programs; story-telling and showing films. Gloria Murray reigns over the Circulation Desk, registering new patrons and handling the numerous details involved in Inter-library loan. All staff are competent in reference work and within certain areas can substitute ably in another function. The overall appearance of the library with dust-free books, highly polished wood and an air of orderliness is the responsibility of Henry and Jessica Ricker, our jovial custodial crew. Senior page Marsha Baker shelves books and magazines and cleans the recordings aided by page Laurel Roe.

The Board and the librarian continue to explore ways in which the Town Library can be of better service to the community as well as continuing in its role as a Service Center. We are all heartened by the accolade given to the Town Library in the Master Plan and would close this report with the words William Dickson used at the close of his page on the library's place in the town: "The value and quality of a library cannot be judged only in statistical terms but rather on the basis of performance and programs. In this respect the Peterborough Library excels."

Respectfully submitted,

Kathleen B. Taylor, Librarian

Conclusion

I wish to take this opportunity to express my thanks to the Board of Selectmen, members of the Police Department, members of the State Police, Judge Kenneth A. Brighton; Clerks of Court, Stella Sumner and Gloria Whitney: Thelma Turner; Town Bookkeeper, Elsie Hill; Rebecca Baldwin, and merchants and citizens of Peterborough for the cooperation given me in the performance of my duties as Chief of Police during the past year.

Respectfully Submitted,
Arthur G. Jackson
Chief of Police

CIVIL DEFENSE REPORT for 1974

Civil Defense has completed another year without any serious situation developing. It has been busy keeping up to date with its many administrative changes in Civil Defense procedure, both from the State of New Hampshire Civil Defense Agency and Federal Government.

In early January we had our usual spring flood situation. Two families were evacuated from their homes living on upper Summer St. on the Contoocook River (north dam area). This was due to a very early thawing and heavy rains. The furniture of one family was removed and stored in the National Guard Armory, the family was taken care of by the Red Cross. The other family went with friends.

On January 8 we sponsored a course in First Aid, held in Civil Defense Headquarters. This was well attended by a good sized group of the Peterborough Snowmobile Snoopers Club. Certified I.D. cards were awarded to those that qualified.

On October 16 a course in bomb detection was also sponsored by Civil Defense. This was held in the National Guard Armory. The instructor was 2nd Lt. Craig Woody of the 14th Ordinance Det. (EOD) Fort Devens, Mass. This was well attended by the Fire Department and several laymen.

A detail of scuba divers was added to the Civil Defense Roster. Also, several members of the Peterborough Snowmobile Snoopers Club. The Snoopers were given Civil Defense decals for their snowmobiles.

We wish to thank Thomas Tewell for his fine work in keeping our 2-1/2 Army truck and rescue truck in good running condition.

We also wish to thank all of our personnel who are ready at all times to answer the call of duty.

Many thanks go to the Selectmen and office personnel for their helpful cooperation.

Respectfully submitted,
Carl W. Wood
Civil Defense Director

January 6, 1975

FIRE DEPARTMENT REPORT — 1974

We want to take this opportunity to thank the town officials with whom we have worked for their assistance and support during 1974. To the citizens of Peterborough, for whom we have the pleasure to serve, please accept our sincere thanks for your support and your continued effort in fire prevention.

1974 was an active year for the members of the Peterborough Fire Department, all of whom are volunteers. In 1974, our log shows a breakdown as follows: alarms for fires 79, buildings 9, auto 6, grass and woods 4. We had a property loss of about $65,000.00 and one fatal fire in 1974 while answering 79 total calls. 60 calls required no fire fighting activity.

Other activities, related to and equally important, that we started or completed in 1974 were 1) improvements of our fire alarm system, 2) extensive training, 3) completion and opening of our new museum and 4) operation of the ambulance service for Peterborough and five other towns. During 1974, our fire alarm system underwent enlargement and improvements. We increased the length of the circuit to run from New Hampshire Ball Bearing to Brookstone-PIDC Industrial Park and improved the capacity of our central station equipment. This was done at no expense to the taxpayer as the industries and businesses with sprinkler systems shared the cost of this improvement. In the area of training, the members of the fire department meet twice a month for a business session and a training session, during which various subjects were discussed and practiced. We also had members attending the Meadowood Fire School and the Lilly Pond Fire School. In November, we were fortunate to have the former Buckley property on Concord Street donated to the fire department by Arthur Mann and Commissioner Whittaker of the State Highway Department for training purposes. This proved a very valuable training exercise.

Two years ago, the members of the Brown family made a gift of their property at 14 Summer Street to the town for use by the fire department. This property, which adjoins the fire station, was converted into a museum to house equipment which was formerly used by the Peterborough Fire Department. The funds for this project were raised at penny sales and other functions and a great deal of the work was done by the members of the department. This museum was opened to the public on October 12.

One aspect of the fire department in operation, which requires a great deal of time on the part of the specially trained members, was the operation of the ambulance. In 1974, we answered 326 calls for assistance. Not all of the calls were in Peterborough as we operate the ambulance service in five other towns and receive funding from them. In 1974, 7 members took emergency medical technician training of 72 hours to further improve their skill.

In closing, we wish to again thank you for your assistance and remind you to call 1-352-1100 for fire or ambulance.

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

All open burning when the ground is not covered with snow is controlled by the Town Forest Fire Warden in cooperation with the New Hampshire Forest Fire Service. Anyone wishing to kindle a fire out-of-doors when the ground is not covered with snow must have a written permit signed by the Town Forest Fire Warden. If the fire is to be kindled on land not owned by the person kindling the fire then he must have the permission of the landowner. No outdoor fires can be kindled between 3 A.M. and 5 P.M. unless it is raining, without the additional approval of the District Forest Fire Chief.

The 1974 forest fire season was one of the worst in the past two decades. Woodlands in central and southern New Hampshire became so dry in mid August that the Governor and Council, upon the recommendation of the State Forester, enacted a partial woodlands closure in Sullivan, Cheshire, Hillsborough, Merrimack and Belknap Counties and a complete woodlands closure in Strafford and Rockingham Counties plus the Towns of Barnstead, Gilmanton and Alton in Belknap County. Through the excellent corporation of the citizens of our State no major forest fire occured at any time during the year.

HEALTH DEPARTMENT REPORT

The following is my report for the year ending December 31, 1974:

Disease

Animal Bites	46
Chickenpox	11
Gonorrhea	6
Hepatitis-A (Infectious)	2
Influenza-like Illness (Confirmed Cases)	2
Measles (Rubeola)	1
Mumps	1

To my knowledge, there were no reported cases of Aseptic Meningitis, Encephalitis, Hepatitis-B (Serum), Hepatitis Unspecified, Malaria, Meningococcal Infections, Rubella (German Measles), Salmonellosis, Shigellosis, Syphilis (Infectious), Syphilis (Latent), Tuberculosis, Whooping Cough, or Rabies in Animals.

Miscellaneous

Inspection of Child Care Homes or Agencies	6
International Certificates of Vaccination Approved	86
Investigated Complaints	6
Liquor Licenses Approved	2

The past year has been one of the utmost in satisfation and encouragement for me. I am grateful to many fine people in Peterborough and the surrounding towns, for all they have done to make my appointment as your Health Officer, a worthy endeavor.

A special debt of gratitude goes out to all the physicians on staff at the Monadnock Community Hospital, and their Medical Assistants. Without their continued cooperation, I could not efficiently submit an accurate report of diseases.

Early in the year, I had the honor of addressing the Monadnock Association of Medical Assistants. I spoke to them on the duties and functions of the local health authority; its effect on them and the community as a whole. Several weeks later, I joined the association as an active member.

I spent several weeks during the summer months investigating dog bite reports. Animal bites (especially dog bites) are on the increase in Peterborough. Of the many cases I investigated, there were many unlicensed, unvaccinated, and suppositively unowned canines involved.

Much to my dismay, a large part of the summer months involved investigating numerous complaints regarding deplorable rubbish situations. With much patience, time, and effort on my part, I was successful in subduing and/or partially eliminating these situations.

I sincerely hope that I do not have to spend another summer season, or any day in 1975, patrolling our community to insure proper storage, and regular,

frequent removal of refuse. I ask all tennants, landlords and their neighbors to be "waste watchers". Let's make Peterborough "a clean town to live in", too!

Respectfully submitted,
Ronald R. Ives, MT (ASCP)
Health Officer

REPORT OF OVERSEER OF PUBLIC WELFARE

In late 1973, the New Hampshire Division of Welfare made available some figures pertaining to the possible impact of changes in the laws relating to Old Age Assistance and Aid to Permanently and Totaly Disabled. Because of these changes in the law plus the impact of the new Federal Supplemental Security, it was thought local Welfare costs would be substantially reduced in these programs.

In reality, this anticipated lowering of bills did not occur until April, primarily because of problems the Federal Government had in implementing the Supplemental Security Program. In addition, it was necessary to increase the level of payments; and for the Local and County Agencies to supplement these programs to help meet the rising costs of living.

In July the Social Security and the Supplemental Social Security payments were increased. However, increased costs of Nursing Home care and other services negated some of the gains from these increases. In addition a delay in the computerizing of Nursing Home charges by the New Hampshire Division of Welfare resulted in two months of 1973 being included in early 1974 State billings.

Thirteen requests for direct relief were received, all temporarily in need. It was as mentioned above necessary to supplement the State's program of Old Age Assistance and Aid to Permanently and Totally Disabled. This was due to a proposed change in the Statutes proposing a flat monthly grant to these recipients.

This office received from the Trustee of Trust Funds $286.79 and distributed during the Holiday Season $290.00 in the Spirit of Christmas. The excess distribution over receipts is due to the fact that each of the four accounts had a small balance from previous years.

This does not appear, at least on the surface, the year to expect a decrease in expenditures. However, the Food Stamp Program is in full operation and the new changes in the law seem to be stabilized and operating properly.

In addition it's time to hope for the best.

Respectfully submitted,
Fred E. Murray
Overseer of Public Welfare

PLANNING BOARD REPORT

The Peterborough Planning Board has held 35 meetings and conducted 14 public hearings since the 1974 Town Meeting. The National economic situation has had a decided dampening effect on development in Peterborough, as only 15 two-lot subdivisions were approved. Two two-lot subdivisions were disapproved. The only large-scale project in 1974 was New England Business Services, Inc., 85,000 square foot plant being constructed on land acquired from Peterborough Industrial Development Corporation behind the Brookstone Company in North Peterborough.

The major work of the Planning Board centered upon the Master Plan prepared with the assistance of William Dickson Associates, Inc., Town Planners and Architects, of Scarborough, Maine. The Master Plan was authorized by vote of the March, 1973 Town Meeting. Numerous conferences have been held with Mr. Dickson, three public hearings on the plan were conducted with Mr. Dickson being personally present to explain his efforts, and a careful page-by-page review of the "Development Policy and Guide" as prepared by William Dickson Associates, Inc., was carried out. The final plan was made available to the public on December 31, 1974 and was officially adopted by the Peterborough Planning Board on January 14, 1975.

In quoting from Chapter IV of said "Development Policy and Guide" the planning policy that has now been officially adopted by the Peterborough Planning Board has two pre-requisite characteristics necessary to success: "The first is a continuing nature of the process which requires constantly refining and/or updating of information. The second is the adoption and refinement of measures to carry out policy recommendations. In essence, the process must be flexible to allow desirable modification and refinement, and the standards of performance must be adequate to the task of managing the future of the Town." The implementation of the Master Plan, therefore, is going to require certain amendments to the Peterborough Zoning Ordinance and the Land Subdivision Regulations. The Land Subdivision Regulations can be amended by the Planning Board itself. These regulations pertain primarily to residential and commercial development wherever allowed by the Zoning Ordinance. The Zoning Ordinance can only be amended by vote of the Town. This ordinance spells out the specific land uses that can occur in the various areas of the Town.

It is the intention of the Board to present certain zoning amendments at the 1975 Town Meeting to implement measures that our professional planner feels should be taken care of at once. Subsequent zoning amendments to further implement the Master Plan will be offered at a later date. After the results of the Town Meeting are known, the Planning Board will then proceed to amend the Land Subdivision Regulations. Again quoting from the "Development Policy and Guide", the "establishment of a policy to manage change and recognize community needs becomes most significant if the

Town of Peterborough is to steer a course through the pressures which surely lie ahead. The alternative of being completely left to the mercy of events is clearly unacceptable. . . . the type of community Peterborough is and may be in the future, and the lifestyle it supports is, in the final analysis, largely a decision to be made by the residents of this fine Town." The Planning Board solicits your support in its efforts to implement the Master Plan for this Community.

1974 CONSERVATION COMMISSION REPORT

During 1974 land use became a subject of definite interest and concern to landowners and town officials, in respect both to property appraisal and the forthcoming master plan. Consequently, in order to provide a graphic record, the Conservation Commission compiled a township map to reconcile current use, land profiles and environmental features for comparison with soil conditions which are to be evaluated for the Town in the USDA Soil Survey available early in 1975.

Peterborough, "being a good town to live in", has numerous natural assets which are inevitably in danger of encroachment by a constantly growing community. Flood plains, wetlands, stream banks, our few ponds and even our hillsides are fragile resources and, without care, their attractiveness and usefullness can easily be destroyed or polluted. Too frequently some member of this Commission has had to appear at hearings and to remind landowners or their contractors of restrictions affecting their development projects. Thoughtless excavation, filling and dredging can likewise endanger resources of the Town.

Long term preservation of our natural assets can now be realized, under recent legislation, by gift or easement of property rights to the Conservation Commission as Trustee. Several instances have recently arisen for suggesting to property owners the use of an easement or restriction deed for establishing a protective greenbelt on a particular stream or pond already designated as a Conservation Zone by Article XVI of our Zoning Ordiance. Acquisitions of land in 1974 comprised a gift gratefully received from Daisey and Forrest Mercer, as well as a half acre addition to the Swamp Woods tract through tax default.

In June public hearings were finally scheduled for two engineering studies in which our Commission had a primary interest. The first was the official report of the USA Corps of Engineers redefining the flood plain profiles for both the Nubanusit stream and the Contoocook River on the basis of most recent climatic data, and providing maps of flood-prone areas where, by mid-1975, property owners will be reduced to having only the protection, through HUD, of Federal Flood Insurance.

The second report was that by Environment Engineers, Inc., on potential contamination of the Town's North Well by proposed developments in the neighborhood. Their findings indicate little immediate likelihood of trouble from Nichols Road home sites but definitely recommend, in the event of PIDC Phase IV development, additional intensive tracer tests, monitoring and water quality surveillance.

Moreover, Peterborough's elm trees have, this year, shown distressing devastation by the Dutch Elm disease. Following an inventory by our Conservation Commission in March of all elm trees throughout the township showing buds at that time — some two hundred trees — Lowden, Inc.,

research specialists with a record of success in Massachusetts, began in May a pilot treatment project financed by six interested residents, inasmuch as the cost of a full scale undertaking proved beyond the scope of the Town's present budget. Although several of these eleven test trees showed initial infection, two such, following treatment in June, were definitely free of disease by the time of check-up in October. Two others, while vigorous in appearance, still showed some infection and were therefore continued under therapeutic treatment through this winter. Percentage-wise this is an encouraging prospect for expanding the project in 1975.

A source of satisfaction to our Town is the qualification of thirteen natural areas located in Peterborough and their inclusion in the comprehensive inventory compiled and published by the New England National Resource Center, under the title of "Protecting New England's Natural Heritage". Copies of this report have been distributed to all town officials to acquaint them with the environmental evaluation placed upon each of these noteworthy assets.

A project of consequence for 1975 is the establishment, as the "Conval Nature Study Area", of the Boreal Bog and Beaver Dam adjoining the school, this to be a Bicentennial contribution to the youth of Contoocook Valley towns.

Initial review of the "Development Policy and Guide" recently submitted by William Dickson Associates to the Planning Board shows such reference to the findings and proposals of the Conservation Commission as could warrant joint consideration with the Board in the eventual clarification and implementation of the Master Plan.

RECREATION COMMITTEE REPORT

To the Board of Selectmen

Gentlemen:

To those who believe that "an ounce of prevention is worth a ton of cure" they need not look any further than Community Recreation Service. Because preventative medicine is, in fact, its hallmark which perhaps best explains why in addition to programming youth activities, maintenance and long range planning, there is also emphasis in adult recreation for fitness. And this too has been a long range goal; that wives might have their husbands longer and children have their parents always. However, it would be fallacy to view recreation as solely physical. There's always the social side such as Halloween, Christmas as well as field trips, literary seminars, theatrics and special events such as an upcoming Senior Citizen's Night that also encompass recreation programming.

Yes, in addition to keeping fit, Community Recreation Service has a second theme: that is to endear people to life. Because as Henry Thoreau once said, "It is something to be able to paint a particular picture, or to carve a statue, and so to make a few objects beautiful; but it is far more glorious to carve and paint the very atmosphere and medium through which we look. To affect the quality of the day, that is the highest of arts."

During the past year, the Recreation Department benefited from the unyielding sacrifices of William Loan and his committee who undertook a voluntary project intended on providing lighting for Adams Park. The project was completed in early October, augmenting a boon to Recreation offerings. Since in addition to Touch Football, Softball, Baseball, Soccer and Field Hockey, the Community now has a feature that could host an evening festive event sponsored by any local civic organization.

Through the kindness of fellow residents, the Department was also able to construct an outdoor Basketball facility at Adams Park. The project was completed in conjunction with New Hampshire's Bureau of Outdoor Recreation, whereby the federal government shared in half the cost. Hence, basketball will no longer be played within the confines of our tennis court facilities.

One of the finest physical improvements, which perhaps is least likely to be noticed, include the major renovations which were effected at Adams Pool. Both interior and exterior renovations were undertaken to preserve the longevity of our outdoor swimming pool.

The Recreation Committee recently established sub-committees in finance, programming, maintenance, school-community and long range planning. We have found this to be a more practical approach in assisting our Director in Community Recreation Service.

With the many special instructional courses offered in the midst of team programs, organized on a continuum, we are hoping that the time will come

when most residents will be active so that non-participation will be due to lack of interest rather than opportunity.

Our access to school facilities make it possible for our Department to offer year round programs conducive to all age groups. Youngsters also have year round recreation opportunities highlighted by the Adams Playground summer park and pool program.

Please find below a dimension of our year round recreation offerings that are currently being sponsored or planned by the Department:

First Aid	Basketball	Tennis
Legion Baseball	Softball	Swap Shop
Indoor Hockey	Archery	Ice Skating
Dramatics	Gymnastics	Ice Hockey
Canoeing	Ceramics	Candy Sale
Dancing	Soccer	Bowling
Upholstering	Rug Braiding	Self-Defense
Cake Decorating	Baton Twirling	Track & Field
Touch Football	Storytelling	Slimnastics
Hunter Safety	Fire-Arms Protection	Field Trips
Swimming	Literary Seminars	Arts & Crafts
Park Beautification	Knitting & Crocheting	Advisory Assoc.

Recreation Physical Features

1. 26 acre public playground, bathhouse and outdoor pool known as Adams Park. The area possesses suitable parking for all.
2. 4 outdoor tennis courts, renovated in 1972 with local and federal funds.
3. Arts and Crafts and concessions summer park facilities.
4. Lighted outdoor public skating and Ice Hockey facilities.
5. Warming hut for Public Skaters and Ice Hockey players.
6. 3 baseball fields, 2 of which double as Adult Softball facilities.
7. Outdoor lighting at Adams Field primarily used for Adult Touch Football. Playing area: 70 yds. by 40 yds.
8. Outdoor Basketball: hot topped playing site — 90' by 50'.
9. The physical resources at Adams Park lend themselves to a future nature trail in a densely filled 8 acre pine tree grove that has yet to be developed. Picnic grounds development are also part of the Recreation Committee's long range plan.

Respectfully submitted,
Roger Whitcomb, Chairman
Don Burgess
Larry Kemp
Lloyd Walker Jr.
